Before preparing for Common Universities Entrance Test (CUET), a strong road map must be prepared, which includes what subject to cover, when, how many hours you should allocate for each subject, etc.

Most of you may not have clarity on your goals while in school, while a few plan it early!

If you have set your goal to get admission to one of the top central universities, you must start preparing early!

1 **Understand the Exam Pattern**

Though the number of questions is the same, the paper pattern differs for each college. Therefore, knowing the paper pattern for the particular college plays a vital role in qualifying for the entrance exam.

As per the CUET Exam Pattern, the entrance exam will include four sections:

- Section 1 A:13 Languages
- Section 1 B:20 Languages
- Section 2: Domain-specific test
- Section 3:General test

Knowing the specific exam pattern for the college you have applied to is also important. Visit the official website of the CUET to know the exam pattern for the respective colleges you have applied to. Only then start with your preparations.

2 **Know your Syllabus**

Once you understand your exam pattern, the second step is to list down the syllabus, so you know what to study. Visit the official website of CUET; it has the respective syllabus for the course and the college.

Note that the syllabus may differ for every college. Therefore, it is important to carefully review and double-check your syllabus before you start your preparations.

3 **Schedule a TimeTable**

Scheduling is something that will give fantastic results if you plan it properly. However, preparing a study plan is one of the most challenging tasks for most.

- Your everyday schedule should have time for CUET exam preparation.
- Initially, you can give 1-2 hours for the entrance exam and the rest for the board exams.
- Once the board exams get over, you can utilize the maximum of your time for the NTA CUET exam prep.

4 **Make a List of Colleges You wish to Target**

- Before starting your preparation, you must make a CUET Colleges and course list.
- Then, understand the previous year's cut-off and position of the counselling for the particular college.
- Doing this will help you understand the marks you must score in the CUET exam to get admission to a particular course in your desired college, thus helping you enhance your preparation levels for the upcoming exam.

5

Newspaper Should Be Your New Friend

- Reading the newspaper will help improve your vocabulary, grammar, and reading comprehension skills.
- To improve your English language, you can refer to the Hindu or the Time of India newspapers.
- You can prefer to read the Dainik Bharat newspaper to improve your Hindi language.
- You must spend at least 30 minutes analyzing and reading the newspaper's editorial page.

6

Practice Mock Tests

- Working on the concepts and writing mock tests based on the exam pattern is essential, as it will help you

understand your strengths and weak areas, which can be improved.

- Take up at least one CUET Mock Test every week and try to analyze your performance after completing the mock test.
- Also, try to attempt as many MCQs as possible from your board exam topics. Gradually increase the number of mocks you take.

7

Revision

You should not pick a fresh topic to study at the last minute of preparations. The last days are meant for only revision, so you can revise and remember the topics you have already learned.

Revision is extremely important to have a good score. Studying without revision is "working hard, but without a plan"!

CUET Preparation Tips for the CUET Domain-Specific Test?

The domain specific-test of the CUET entrance exam will have 27 subjects, out of which you have to choose six domains that you wish to pursue in your UG course.

The standard of questions in this section is of class 12 level. Therefore, knowing the fundamental concepts of your chosen

subject will help you score well in this section.

Also, you must choose the subjects you feel are very interesting and enjoy studying in the morning. Try to attempt easy, moderate, and challenging level MCQ questions from the NCERT textbooks.

CUET Preparation Tips for NTA CUET 2024 along with Board Exams?

You can succeed in both CUET and board exams if you are good at time management. Also, you can score better if you are consistent throughout your preparation.

A proper study plan and preparation strategies will help you Manage boards and CUET preparation together.

When preparing the timetable, focus on keeping separate time for board

preparation, CUET domain-specific preparation, and lastly, allot separate time to solve the aptitude section.

Board exams must be your priority, and you should work on enhancing your domain subject knowledge during your board exam preparation. And do this till the board exams are over.

After completing your board exams, you will have roughly 30-40 days to prepare for the Common Universities Entrance Test. So, utilize this entire month to enhance your preparation levels for CUET.

CUET Preparation Tips 2024: Best Books

Opting for the right book is very important to understand the concepts in-depth and score good marks in the upcoming exam.

The following are some of the best CUET Preparation Books you can include during your preparation

- Arihant's English Grammar & Composition by S.C. Gupta
- Arihant's Test of Arithmetic & General Knowledge by Manohar Pandey
- Arihant's CUET (UG) Self Study Guides

Is It Useful To Solve Mock Tests for CUET Exam 2024?

According to the CUET preparation tips 2024, attempting mock tests is one of the best methods to improve your speed and accuracy in the final exam.

- With the help of mock tests, you can know the difficulty level of the paper and the type of questions asked in the exam.
- You can test your preparation levels for the upcoming exam.
- Most importantly, it can help improve your confidence levels.

Conclusion

"Kya CUET bohot tough hai?", nahi bilkul bhi nahi. If you know and follow the right preparation strategy, there is nothing called as tough. In fact, CUET is in a nurturing phase, so it's not a very tough exam to crack. If you are willing and determined, you can easily crack the CUET 2024 exam. These CUET Preparation Tips are specially curated for CUET 2024 aspirants to help you use the right strategies for the exam.

Directions (Q.Nos. 41-45) Read the following passage and following answer the questions that follow.

The elections had to be postponed twice and finally held from October 1951 to February 1952. But this election is referred to as the 1952 election since most parts of the country voted in January 1952. It took six months for the campaigning, polling and counting to be completed. Elections were competitive – there were on an average more than four candidates for each seat. The level of participation was encouraging — more than half the eligible voters turned out to vote on the day of elections. When the results were declared these were accepted as fair even by the losers. The Indian experiment had proved the critics wrong. The Times of India held that the polls have “confounded all those sceptics who thought the introduction of adult franchise too risky an experiment in this country”. The Hindustan Times claimed that “there is universal agreement that the Indian people have conducted themselves admirably in the largest experiment in democratic elections in the history of the world”. Observers outside India were equally impressed. India's general election of 1952 became a landmark in the history of democracy all over the world. It was no longer possible to argue that democratic elections could not be held in conditions of poverty or lack of education. It proved that democracy could be practiced anywhere in the world.

41. What was the main reason for referring to the election held from October 1951 to February 1952 as the ‘1952 election’?
- (a) The election was initially scheduled for 1952.
 - (b) Most parts of the country voted in January 1952.
 - (c) The election was postponed twice due to unrest.
 - (d) The counting process took several months.
42. How long did it take to complete the entire process of campaigning, polling, and counting in the 1952 Indian election?
- (a) One month
 - (b) Three months
 - (c) Six months
 - (d) Nine months
43. What was the level of voter participation in the 1952 Indian election?
- (a) Less than 25% turnout
 - (b) About 50% turnout
 - (c) Around 75% turnout
 - (d) More than 90% turnout
44. How did observers outside India react to the 1952 Indian election?
- (a) They criticised the election process.
 - (b) They were unimpressed by the results.
 - (c) They were equally impressed by India's democratic experiment.
 - (d) They doubted the fairness of the election.
45. What important lesson did the 1952 Indian election teach the world about democracy?
- (a) Democracy requires a highly educated population.
 - (b) Democracy can only be practiced in wealthy nations.
 - (c) Poverty and lack of education do not prevent democratic elections.
 - (d) Democratic elections are only successful in Western countries.

Directions (Q. Nos. 46-50) Read the following passage and following answer the questions that follow.

India and China were great powers in Asia before the advent of Western imperialism. China had considerable influence and control on the periphery of its borders based on its unique tributary system. At different times in China's long history of dynastic rule, Mongolia, Korea, parts of Indo-China, and Tibet accepted China's authority. Various kingdoms and empires in India also extended their influence beyond their borders. In both cases this influence was political, economic and cultural. However, the regions where India and China exercised influence rarely ever overlapped. Thus, there was limited political and cultural interaction between the two. The result was that neither country was very familiar with the other. In the twentieth century, when both nations confronted each other, they had some difficulty evolving a foreign policy to deal with each other.
